TWO-RROW PALE, 8°L
CAMEL, MUNICH, 20°L
CAMEL MALT

HOPS:
MT. HOOD

Lakefront Brewery's Pumpkin Lager is one-of-the only pumpkin lagers available in the world. Our brewers use real pumpkin and a proprietary blend of spices made here in Milwaukee by the acclaimed Spice House. Lagered for four full weeks, Pumpkin Lager develops a deep, smooth richness that no ale can match. A frothy entry leads to an off-dry, medium-to-full body of intense cinnamon, nutmeg, cardamom, and candied yam flavor on a nutty, whole-grain toast palate. Finishes with a drier spice and light toffee fade. Caramel and Munich malts reinforce this beer's mouthfeel and lend to the malty sweetness. A nicely balanced spice beer for those cool fall nights.

Serve with rich holiday meals: the spice characters really bring out the depth of full-flavored meats and vegetables.
